

AUROOM

Moments of Wellbeing

Indoor & outdoor saunas

**Enter the world
of wellbeing**

Creating moments of wellbeing

We come from the deep forests and harsh climate of the North, the birthplace of the sauna, where it has been treasured as a ritual for achieving mental and physical balance for thousands of years. We are convinced that this ancient legacy works equally well today, creating the moments of wellbeing necessary for people to live a fulfilled life.

Making saunas is our passion

Auroom has been making saunas for more than 20 years. We have a lifelong passion for timber and produce clean, pure, modern designs that are perfected down to the last detail. Our saunas are tailored to meet every need and refined by our craftsmanship. Our whole team of experts is dedicated to creating the most harmonious sauna experience possible. All our saunas are handcrafted, integrating years of experience and cutting-edge technology. We tackle every sauna project individually in order to provide the best possible solution for our clients. That is why we are able to offer wellness solutions for even the most demanding requirements, be they special home sauna projects or entire sauna complexes for spa hotels.

Saunas that are made to last

Every piece of timber we use in our saunas, however small a part it will play, is carefully selected from the high-quality materials at our disposal. In this way, we ensure the longevity of our products and avoid problems arising in the course of their use. We build with a wide range of timbers - if you place a special order, your imagination is only the limit.

Taking responsibility

We use only timber that has been responsibly sourced. We obtain timber from our parent company Thermory - the world's leading producer of thermally modified timber and sauna materials. This allows us to make our products available all over the world and ensures that the quality of our raw materials is consistent even in larger orders. Our saunas meet all global environmental standards and are certified accordingly.

Indoor category

True relaxation in your home

Have you dreamed about making your home a place of true relaxation? A place where you can leave all your worries and stress behind and recharge yourself. An indoor sauna is the perfect choice for that.

You can have your own sanctuary in your living room or just a few steps from your bed. If you are a social animal, then a sauna in your home is a perfect excuse to invite friends or family over and catch up in a relaxing atmosphere.

Auroom indoor saunas are made to fit in your home. Because of technological advances, saunas are no longer confined to specific locations in the countryside or forest. It is increasingly common that even in small city apartments, a sauna is a natural part of the layout.

Lumina

Brighten and revitalise

Lumina's sophisticated design is combined with simplicity and practicality. Its unique two-tone walls and exquisite interior design immerses you in a luxurious, yet cosy and harmonious atmosphere.

Lumina has all the necessary features to give you a full regenerating experience. All components harmonize with the smooth, unified lighting to create a sensation of tranquility within.

Lumina is created in cooperation with talented Italian architect, Luca Donazzolo.

Lumina technical features

Basic set includes

PANELLING	Horizontal profile SGS9 15 x 120 mm
BASE FRAME	Aluminium (painted black)
EXTERIOR	Glass front wall, back and side walls covered with plywood
INTERIOR	Wall and ceiling panels, benches, backrests
DOOR	Glass door with self-closing hinges and specially designed wooden handles
LIGHTING	LED strips behind the backrests and beneath the lower bench

Suitable equipment

HEATER	Auroom Core, Auroom Alta D, Auroom Alta H
CONTROL UNIT	HUUM UKU WIFI with GLASS control panel (for Auroom Core heater), Auroom Impera (for Auroom Alta D and Alta H heater)
SOUND	Speakers, Bluetooth player

Please see the equipment on pages 62-63.

Available extras

EXTERIOR	Exterior panelling for the side and back walls
INTERIOR LIGHTING	Wooden or stone-board heater guard, floor grids, Optical fibre lighting effect between the bench frontboards
EXTRAS	Lamps 50 and 80 cm, towel holders 50 and 80 cm, movable benches with lengths 57, 83 and 108 cm

Auroom accessories

Please see the accessories on pages 63-65.

Key features and extras

Two-tone walls

Lumina's wood panelling offers a choice of three two-tone combinations, with the main panels' color contrasting with the grooves between them to create a striking visual impact.

Exterior lamp

These stylish optional exterior lamps are specially designed for Lumina. There are two sizes available, with lengths of 50 and 80 cm.

Towel holder

Lumina's handy optional towel holders are designed and sized to match the exterior lamps.

Exterior panelling

Exterior panelling is available for the side and back walls of the sauna.

Movable bench

Lumina's movable benches come with three size options depending on your needs and wishes, with lengths of 57, 83 and 108 cm.

Lighting effect

An additional optical fiber can be added between the frontboards of the upper bench.

Stone heater guard

This luxurious optional dark grey stone panel extends from the heater up to the ceiling, giving the sauna a uniquely sleek and stylish character.

Flooring

The solid, durable floor grids feature rubber strips that prevent the floor from becoming slippery and protect the wood from direct contact with moisture.

Aluminium base frame

The strong, durable aluminium base frame beneath the sauna walls is well suited to humid environments.

Materials

Aspen panels with dark thermo-alder grooves

Alder panels with aspen grooves

Left or right-handed opening (W x D x H)

180 x 120 x 218 cm	Recommended for 2 users
180 x 150 x 218 cm	Recommended for 2-3 users
200 x 150 x 218 cm	Recommended for 3-4 users
200 x 200 x 218 cm	Recommended for 4-5 users
250 x 200 x 218 cm	Recommended for 5-6 users

Nativa

Instil a sense of calm

Nativa is a sauna with simplicity and rationality. It is designed to instil a sense of calm and tranquillity.

We call it Nativa because we want the space to feel like it matches your home. Its strong relief wall panels give you a sense of safety and the comforting feeling that you belong.

Nativa is created in cooperation with the talented Italian architect, Luca Donazzolo.

Nativa technical features

Basic set includes

PANELLING	Horizontal profile STEP 27 x 64 mm
BASE FRAME	Aluminium
EXTERIOR	Glass front wall, back and side walls covered with plywood
INTERIOR	Wall and ceiling panels, benches (the lower bench is movable in the 180 x 120 cm model), backrest
DOOR	Glass door with self-closing hinges and specially designed wooden handles
LIGHTING	LED strips behind the backrest and beneath the benches

Suitable equipment

HEATER	Auroom Mura 4.5 kW (180 x 120 cm model), Auroom Mura 6 kW (180 x 150 cm, 200 x 150 cm models), Auroom Alta D 9 kW (200 x 200 cm, 250 x 200 cm models)
CONTROL UNIT	Auroom Impera
SOUND	Speakers, Bluetooth player

Please see the equipment on pages 62-63.

Available extras

EXTERIOR	Exterior panelling for the side and back walls
INTERIOR	Heater guard, floor grids
LIGHTING	Additional LED strip along the lower edge of the backrest
EXTRAS	Movable benches with lengths 57 cm and 115 cm

Auroom accessories

Please see the accessories on pages 63-65.

Key features and extras

Lighting effect

An additional LED strip can be added to the lower edge of the backrest, allowing you to change the mood in the sauna.

Heater guard

Nativa's wooden heater guard beautifully matches the other interior materials.

Flooring

The floor is expressly designed to match the overall style of the sauna. The solid, durable floor grids feature rubber strips that prevent the floor from becoming slippery and protect the wood from direct contact with moisture.

Exterior panelling

Exterior panelling is available for the side and back walls of the sauna.

Movable bench

Like Nativa itself, the design of the movable bench is solid and safe. There are two size options depending on your needs and wishes, with lengths of 57 cm and 115 cm.

Libera

Uplifting harmony

Libera was born to give you the opportunity to design the space according to your desires. It is possible to choose between a wooden or glass front wall and, depending on your preferences, you can have it with or without a backrest.

Libera's name reflects its nature: a place that lifts your spirit. Every detail in the sauna is made to create a feeling of ease and lightness.

Libera is created in cooperation with the talented Italian architect, Luca Donazzolo.

Cala

Compact tranquility

A small sauna that's big at heart, Cala offers the benefits and enjoyment of a sauna in spaces of all sizes. The Cala sauna is made from thermally modified aspen, which offers exceptional build quality alongside its attractive appearance.

This small sauna is quick to assemble and can be installed in practically any space. And with its straightforward electrical setup, simple controls and low energy demands, it's easy to use and cheap to run.

Cala Wood

Cala Glass

Cala Mini

Cala technical features

Basic set includes

- PANELLING Horizontal profile STP 15 x 90 mm
- BASE FRAME Wood
- EXTERIOR Glass (Cala Glass and Cala Mini) or wood-panelled (Cala Wood) front wall, wood-panelled side walls, back wall covered with plywood
- INTERIOR Wall and ceiling panels, benches, heater guard
- DOOR Glass door with self-closing hinges (Cala Glass and Cala Mini) and premium handles
- LIGHTING LED strips behind the backrest

Suitable equipment

- HEATER HUUM Cliff, HUUM Steel, Helo Vienna
- CONTROL UNIT HUUM UKU WiFi (HUUM heaters), built-in control unit (Helo Vienna)

Please see the equipment on pages 62-63.

Auroom accessories

Please see the accessories on pages 63-65.

Key features and extras

Compact size

Cala is suitable for 1-2 users, while the smaller Cala Mini is designed for single occupancy. This makes Cala easy to fit into smaller spaces.

Easy installation

Installation is simple and only takes around 4-6 hours with two people.

Multiple material options

Cala's front wall is available in thermo-aspen (Cala Wood) or glass (Cala Glass). Cala Mini comes with a glass front only.

Lighting effects

Cala's backrest comes with a built-in LED strip to bring additional illumination to the sauna room.

High-quality thermally modified wood

Thermal modification gives the premium-quality aspen wood an attractive darker color and a cosy feel.

Waxed surfaces

Cala's wooden elements are pretreated with a protective sauna wax.

Baia

Rounded luxury

With its ergonomic design and unique features, the Baia sauna is particularly attractive thanks to its curved seating. Wavy benches can usually only be found in larger saunas, but we wanted to offer this luxury touch in a sauna that can fit into smaller spaces.

Baia offers an unbeatable price-to-quality ratio - alongside energy efficiency and quality construction, it is the best option for a low-cost, aesthetically pleasing, and ergonomic compact sauna.

Baia technical features

Basic set includes

PANELLING	Horizontal profile STP 15 x 90 mm
BASE FRAME	Wood
EXTERIOR	Glass and wood-panelled front wall, wood-panelled side walls, back wall covered with plywood
INTERIOR	Wall and ceiling panels, flat and ergonomic curved benches, movable bench, backrest, heater guard
DOOR	Glass door and premium handles
LIGHTING	LED strip behind the backrest

Suitable equipment

HEATER	HUUM Cliff, HUUM Steel, Helo Vienna
CONTROL UNIT	HUUM UKU WiFi (HUUM heaters), built-in control unit (Helo Vienna)

Please see the equipment on pages 62-63.

Auroom accessories

Please see the accessories on pages 63-65.

Key features and extras

Compact size
Baia is suitable for 1-2 users, which makes the sauna easy to fit into smaller spaces.

Ergonomic bench
Baia's ergonomic "wavy" bench looks beautiful and is incredibly comfortable to sit on.

High-quality thermally modified wood
Thermal modification gives the premium-quality aspen wood an attractive darker color and a cosy feel.

Easy installation
Installation is simple and only takes around 4-6 hours with two people.

Heater
Choose a heater power of 4.5 or 6.0 kW.

Waxed surfaces
Baia's wooden elements are pretreated with a protective sauna wax.

Vulcana

Unwind in style

Vulcana is a sauna that combines a stylish, modern design with the finest craftsmanship and superior materials. The deep golden colour and smooth surfaces of the thermo-aspen walls are elegantly offset by dark embossed Ignite cladding to create a uniquely tasteful and striking synergy. The stunning Ignite cladding in alder is used sparingly on the feature walls to accentuate the thermo-aspen's true splendour.

The allure of Vulcana's exquisite design is not only visual; ease of use and wellness are also built in, with the app-controlled heater saving effort, the angled backrest adding comfort and the large glass frontage creating an invitingly bright and open space.

Vulcana technical features

Basic set includes

- PANELLING Horizontal profile STS4 15 x 120 mm, Vertical profile Ignite 15 x 120 mm
- BASE FRAME Aluminium
- EXTERIOR Glass front wall, back and side walls covered with plywood
- INTERIOR Wall and ceiling panels, benches, angled backrest
- DOOR Glass door with self-closing hinges and premium handles
- LIGHTING LED strips behind the backrest, beneath the benches and on the back wall, dimmable lighting with remote control

Suitable equipment

- HEATER Auroom Core
- CONTROL UNIT HUUM UKU WiFi with GLASS control panel

Please see the equipment on pages 62-63.

Available extras

- EXTERIOR Optionally all in plywood or all in profile STS4 panels

Auroom accessories

Please see the accessories on pages 63-65.

Key features and extras

Outdoor category

An oasis in your garden

Close your eyes and imagine that you have a sauna in your garden. After basking in the heat, you jump in a cold shower or natural pond in the garden to cool down, or in winter, dive into cold powdered snow. But why just dream?

An Auroom outdoor sauna is a wonderful everyday luxury that will make your outdoor living experience even more enjoyable by broadening your options for socialising and activities.

While enjoying sauna solo is always a welcome experience, the outdoor sauna is best enjoyed as a group activity. Your sauna will provide the perfect excuse to spend time with friends, get to know your colleagues or invite your family around for a catch-up. Outdoor saunas make a complete event – you can combine a barbecue dinner with a refreshing sauna experience.

Mira

Little wonder

Sometimes simpler is better, and Mira's minimal, space-saving design has everything you need for a calming, enjoyable outdoor sauna without overcomplicating things.

Mira can be installed on terraces, balconies and smaller gardens, with the small, lightweight components enabling easy hoist-free assembly. The S and L size options, which can accommodate up to two and four users respectively, allow you to make the most of the available space in your outdoor area. There are also two colors available for the exterior cladding, with a stunning natural look and a sleek black finish to choose between.

Mira technical features

Basic set includes

BASE FRAME	Impregnated wooden beams (painted black)
EXTERIOR	Black painted or oiled natural thermo-spruce cladding Wall and ceiling panels, benches, bench skirt,
INTERIOR	backrest, floor grids, waterproof EPDM floor covering
DOOR AND WINDOWS	Glass with black anodized anti-vibration... soft seals
LIGHTING	LED strips behind the backrest
CONSTRUCTION	Softwood frame
PACKING AND HANDLING	Prefabricated (ready-to-use) module
WEIGHT	Mira S: Approximately 730 kg excluding heater Mira L: Approximately 1200 kg excluding heater

Available extras

Arti

Simply reinvigorating

Attractive and compact, Arti is a smaller version of the popular Natura model. While it shares many properties with its larger cousin, its smaller size makes it easier to install.

Where there are limitations in either budget or space, Arti is the perfect way to enjoy the healing properties of the sauna and bring a little bit of luxury into your yard.

Terra

Your outdoor wellness haven

Terra is a luxurious outdoor sauna that allows you to create your own custom wellness space with a stylish, modern look. With two size options, you can choose between a sauna only or a larger space with an area for changing and relaxing in addition to the sauna itself.

Terra offers a choice of two exterior cladding designs; the Natural option features the lighter wood shades and knotted appearance of thermo-pine, while the sleek Black look creates an eye-catching color contrast with the internal materials. Your chosen exterior is coupled with an interior design that combines waxed dark-gray alder walls with either natural alder, natural aspen or thermo-aspen benches, making for a rich selection of exquisite styles to suit your taste.

Terra S with Thermo-pine exterior and thermo-aspen benches

Terra Small	258 x 222 x 250 cm	Recommended for 2-3 users
Terra Medium	383 x 222 x 250 cm	Recommended for 3-4 users

Natura

Naturally reinvigorating

Natura softly embraces and cherishes its visitors. A perfect place to wholeheartedly enjoy the healing sauna, surrounded by a luxurious ambience.

The exquisite deep brown of the terrace charms with its refined elegance outside while the warm colour of the heat-treated aspen coddles you inside. The large front window opens to an enjoyable view of the outdoors. Moreover, on the terrace, you can experience the surrounding nature without a filter.

Natura is created in cooperation with the talented Italian architect, Luca Donazzolo.

Natura technical features

Key features and extras

Exterior

Natura's exterior cladding, made from thermally modified, brushed and painted Nordic spruce, is designed to withstand severe weather conditions. The walls, floor and roof are efficiently insulated, while the solid roof construction can bear heavy snow loads.

Interior

All of the sauna's interior elements are made from high-quality thermo-aspens.

Terrace and dressing room

The sauna's integrated outdoor terrace and dressing room have LED spotlights. Inside, warm white LED striplights are mounted behind the backrests. The lights are dimmable and operated with a remote control unit.

Flooring

The solid, durable floor grids feature rubber strips that prevent the floor from becoming slippery and protect the wood from direct contact with moisture.

Customise your wellbeing

In the design of our saunas, we remain mindful of both ergonomics and the need for the finished products to complement a variety of lifestyles and interiors, as they are often installed in existing ecosystems. That's why we offer such a wide range of models to choose from, with plenty of options to accessorise and personalise them.

Equipment

Heaters

Auroom electric heaters are high-quality products that create an authentic sauna experience. Some heater models have vaporiser versions for flexible climate creation options - from hot and dry to mild and humid.

Mura is a wall mounting model, Alta and Core are floor-standing models.

We offer top heater brands such as EOS and HUUM.

auroomx eos alta h
7.5 kW / 9 kW / 10.5 kW / 12 kW

auroomx eos mura h
4.5 kW / 6 kW / 7.5 kW

auroomx huum core heater
6 kW / 9 kW / 10.5 kW

Control units

huumuku glass controller

UKU Glass makes operating your sauna's heating and lighting easier than ever. The control unit offers several safety features and a Wi-Fi connection to the Auroom mobile app. HUUM control unit is compatible with Auroom x HUUM heaters.

auroomx eos impera control unit

The premium-class modern touch-screen control unit enables the easy temperature setting, lighting and more.

auroomx eos dicia control unit

This premium electronic control unit makes it easy to set the sauna temperature, lighting and more.

EOS control units are compatible with Auroom x EOS heaters.

Speakers

Music choice gives the possibility to create different moods and feelings. The speakers are waterproof, white or black in colour, 2 pcs in set.

Bluetooth player

The Bluetooth player brings your favourite music wirelessly from your smartphone or tablet into the sauna. With the optional wall remote button you can control the audio playback effortlessly from inside.

Accessories

Thermometer, thermo- & hygrometer

Diameter 13 cm

Special and unique Auroom design. The case is made of black powder-coated stainless steel. Mineral glass cover.

Pail & ladle

6 L

Finnish design, designer Annika Korpela. Made from lightweight and durable aluminium painted black. Wooden handles.

The beauty of choice

To build Auroom saunas, we use both thermally modified and natural timber. You can thermo-treat, brush or paint your sauna.

Our thermo-treatment offers great visual effects: the charming brownish colour can be lighter or darker, depending on the wood type and heating procedure.

The use of painted wood creates another range of options. There are a lot of beautiful tones, so let your imagination take flight.

Our saunas meet your needs

Auroom saunas can also be adjusted for non-standard circumstances thanks to our highly skilled design and development team, who can quickly rework existing models or devise completely new solutions. So if you have a family member with special needs or a project that requires unique solutions, don't hesitate to contact us. We will always find the best and most comfortable solution.

Boost your health with infrared

Unlike traditional infrared saunas don't heat the air around you. Rather, they use infrared lamps to directly warm your body's core temperature. Infrared sauna lovers say that the heat penetrates deeper than the warmed air from conventional saunas. This allows them to experience a more intense sweat at a lower temperature.

If you don't want to give up your regular sauna we offer the best of both worlds. A dual sauna is the perfect combination of the traditional sauna and the new-generation infrared sauna. If you are interested, then contact us and let's see what we can offer you.

your imagination is the only limit

Tailor-made

At Auroom we are able to offer exquisite tailor-made options, be it a sauna for private or public purposes. We can build a sauna anywhere you wish – even on your private yacht or plane.

Using the latest technologies, our capable designers, technicians and craftsmen are happy to master even the most sophisticated projects. Tailor-made saunas and unique solutions are our strengths.

We are here to listen to your needs and wishes. Contact us and tell us your vision. We will help you make it a reality.

Walls

Our state-of-the-art manufacturing capabilities and design skills enable us to create unique solutions from curved walls to very complex angled elements.

Ceiling

Auroom has the ability to make single and double-sloped, straight and curved ceilings. We use various lighting solutions and, if necessary, make special cornices according to your wishes.

Bench

At Auroom we can build both multi-level and thin, wavy benches. We make ergonomic benches as well as benches joined at interesting angles.

Glass

You can choose between different shades of glass. We usually use insulated glass. In outdoor saunas we also use package glass. We work with glass manufacturers who make both "smart glass" and curved glass. Auroom also offers laminated glass, on which it is possible to adjust transmittance.

Lighting

Auroom offers the possibility to use a variety of monochrome and RGB lighting solutions. Different control options can also be used.

Our resellers are global

Auroom has a wide network of resellers across the globe. Thanks to Thermory as the world's leading producer of thermally modified timber and sauna materials, our saunas are loved all over the world. We are always willing to add new resellers to help our products spread even further.

Our clients come first

At Auroom, our clients always come first. We look after our sauna users and do everything we can to ensure that the quality of our products is uncompromising. To this end, we are always open to feedback from our clients and respond to all questions and concerns quickly.

The flexible and well-organised way we go about production enables us to offer the quickest delivery times in the industry.

All Auroom deliveries are insured and protected against accidents. In larger markets we are represented by approved local resellers who can help at every stage.
